No President's report

Treasurer's report- Nothing new to mention, Robin did meet with Jon Matlock of Zep camps regarding their interest in running MTB camp (camps) at Smith Creek. Jon to follow up with a report regarding particulars re: times, numbers, etc. Robin will distribute once received. Miscommunication with Anthony/Dylan regarding date of meeting so no report. Dylan to check about his availability for next month.

Clayton/Greg report on season kickoff event. Joint venture between MTBCO and WKTCS hosted at Red Bird, bike shops invited to come and meet the membership and BOD and network with community. April 10th. Clayton, Greg, and Robin to strike with MTBCO to form joint committee for planning.

West Kelowna City Hall invite still on the table, Greg to follow up with Robin to see where this is at.

Clayton adjusted email addresses, still need to strive towards using WK email for 'official' board discussions.

Greg suggested a meeting to discuss strategic planning for the longer term. Come in from a higher level to a 'wish list' of what we want for WK and the trail system. Not about trail building but bigger picture strategies, managing, communication with key stakeholders etc. Decided we need a separate meeting for this purpose. Greg to follow up someone who may be able to provide some leadership/mediation/administration of a strategic planning meeting.
