

WKTCS Monthly Meeting Minutes April 19, 2022

Attendance: Greg, Robin, Clayton, Mike, Dylan, Jim, Doug

Regrets: Peter, Kimme

Agenda

Adopt Minutes

Presidents report

Treasurer Report

Social media

New Business Parking lot update, Summary of season opening kick-off, International Women's MTB Day May 7, Memberships

Presidents report deferred but did report on meeting with WK City. Seemed to be very well received, lots of questions from the councillors for Peter. Generally positive. Need to set up some sort of diarized system to keep them updated with our activities.

Treasurer report. Bank account healthy, a few expenses like t shirts for trail days, concerned re lack of memberships.

Robin reported about committee meeting with Peter and Clayton regarding discussion of merger with MTBCO. WKTCS needs to figure out our priorities and how they would mesh with MTBCO, what are the benefits?

Greg to talk to NOCS, Doug to PACA and Robin to the Shuswap MTB group.

Parking lot Update. Mostly completed, some additional rows of parking curbs to be installed in the middle rows. Unfortunately, some folks felt the need to spin a bunch of doughnuts in the parking lot and ruin the grade. Need security cameras or at least signs indicating the area is under 24-hour video surveillance. We are responsible to toilet maintenance. Concrete pad still needs to be installed for tool box placement. Signage still in discussion but RSTBC has offered to fund part of the cost. Further parking lot details need to be finished like further signage.

Kick Off Event. Generally seemed to be successful as a first effort. Possible conflict with Big White final day. So next year look at scheduling to avoid that. Seemed like good attendance from the public and all bike shops there.

Follow up on the FOSS email from earlier in the month. Dylan to draft a response to FOSS thanking them and inviting them to speak at the start of our next meeting in order to find out what they see or want. ZOOM invite to follow.

Enduro race. All things seem to be in order, no further action required from us at this point.
