

## WKTCS Minutes September 15<sup>th</sup> 2022

Adopt Minutes

Adopt Agenda

### Presidents report:

- RSTBC seem to be getting more communication from them lately as summer rush for them has slowed down.
- RV signs installed as a 'project' that the City of WK applied for with RSTBC and were granted a section 57 for the project.
- Fred still looking after maintenance of Smith Creek Outhouse

### Treasurers report:

- Trying to get bank to send statements directly to our society mail box rather than Peter's office
- Grant application to City of WK almost complete.
- Memberships about 250

### New Business:

- Problem of how do we get more word out to generate more memberships
- Directors- discussion of 'mandatory' attendance at trail days but decision was made that we would not do this.
- Robin- Need to come up with a Mission statement for us to help direct efforts
- Trail days- discussion regarding appointing a "Trail Day Boss" in charge of co-ordinating And executing the plan for the day, ensuring food, and communication for what needs to be done for the day, with alternative ideas in the event of rain/low numbers etc. For consideration- does that person need to be a board member or a club member-possible people to consider.
- Classification of trails done by WKTCS but based on guidelines. Better to err on side of caution such that less experienced riders don't get into potential difficulty.
- Discussed ops plan to be ready for December 1<sup>st</sup>. Peter/Dylan/Jim/Clayton maybe others to meet to review ideas plan out ops idea. Also to discuss new climb trail from Talus Ridge. Also hiking/exploring are to look at possible routes and GPS layout to include in our submission of ops plan for initial work next year if possible.
- AGM Scheduled for November 2<sup>nd</sup> 7pm-Robin to book same venue in Lakeview Heights.
