President's report: Last Friday was able to tour around Smith Creek with Ryan from Ryan at RSTBC to look for anything that could be decommissioned and or needed signage. There is an access road out of Smith Creek area.

Confirmed that trails at RV are still closed but no expectation on us to police that.

They will supply signage for us to post in the area.

City of WK, RSTBC and RDCO are trying to coordinate a plan for re-entry/ re-access at RV trail network going forward.

Treasurer Report: Financials done in preparation for AGM and for inclusion with OPS plan submission to RSTBC. Approximately 40K in the bank account. Income and expenses about the same as last year

Social Media: No report
